

2025 Mayors Committee for People with Disabilities Walk and Roll

October 16, 2025, the Mayors Committee for People with Disabilities held their annual Walk and Roll event. “The Spartanburg Walk and Roll is held each October to coincide with disabilities awareness month. The walk serves as a platform to advocate for individuals with disabilities, highlighting their strengths and promoting inclusive employment practices.” This was the event’s 20th anniversary and was celebrated with all seven Spartanburg county districts, people from Union and Cherokee counties, local leaders and students with disabilities. Participants walked and rolled through the heart of Spartanburg, sending a powerful message: everyone deserves equal access to public spaces and opportunities.
