

INSTRUCTION LETTER

INSTRUCTION NUMBER: WIOA 18-15

TO: To Upstate WB Staff and All Contractors

SUBJECT: Income Guidelines

DATE ISSUED: July 8, 2019 **DATE EFFECTIVE:** Immediately **DATE EXPIRES:** Indefinitely

PURPOSE: To transmit updates to federal income guidelines used in establishing eligibility for Workforce Innovation and Opportunity Act (WIOA) participation and/or specific WIOA services.

REFERENCES: Workforce Innovation and Opportunity Act Section 3(36); Federal Register, Volume 84, Number 103, May 29, 2019, *US Department of Labor 2019 Lower Living Standard Income Level*; Federal Register, Volume 84, Number 22, January 11, 2019, *US Department of Health and Human Services 2019 Poverty Guidelines*.

BACKGROUND: Annually, the US Department of Labor (USDOL) determines the Lower Living Standard Income Level (LLSIL). Likewise, the Department of Health and Human Services (HHS) updates the poverty guidelines. The LLSIL and poverty guidelines are used for several purposes in WIOA programs, including determinations of program eligibility and needs-related payment levels.

POLICY:

Program Eligibility - WIOA defines the term "low income individual" using various criteria, including receipt of income that does not exceed the higher level of the poverty line or 70 percent of the LLSIL. Attachment A, WIOA Family Income Guidelines, incorporates the most recent updates to the USDOL issued 70 percent LLSIL and the HHS issued poverty levels. These guidelines apply when using income as the determining criteria for "low income individuals."

Self-Sufficiency - WIOA allows employed individuals to receive individualized career services without determining self-sufficiency. Training services may be made available to employed and unemployed adults and dislocated workers who are determined:

- unlikely or unable to obtain or retain employment that leads to economic self-sufficiency or wages comparable to or higher than wages from previous employment through career services.

- in need of training services to obtain or retain employment leading to economic self-sufficiency or wages comparable to or higher than wages from previous employment.

WIOA allows the State, as well as Local Boards, to adopt, calculate, or commission for approval an economic self-sufficiency standard that specifies the income needs of families, by family size, the number and ages of children in the family, and sub-state geographical considerations. Until such economic self-sufficiency standard(s) are determined, local workforce development areas may continue to use the " self-sufficiency" criteria adopted under WIA. At minimum, such criteria provide "that self-sufficiency means employment that pays at least 100 percent of the LLSIL" based on family size and income. Self-sufficiency for dislocated workers may be defined in relation to a percentage of the layoff wage. Attachment B, *100% Lower Living Standard Income Levels*, represents updated 100 percent LLSIL amounts by family size. These guidelines, along with Local Board criteria, should be used in determining the need for training services.

The Upstate Workforce Board currently does not authorize Needs Based Payments.

Attachment C, *Poverty Level Guidelines*, represents HHS poverty levels for use in determining needs- related payment amounts for dislocated workers.

ACTION: You are responsible for the distribution and implementation of this policy. Effective immediately, use the attached guidelines for future eligibility determinations under **WIOA**.

INQUIRIES: Questions may be directed to Dana Wood wood@upstateworkforceboard.org.

**WIOA FAMILY INCOME GUIDELINES
FOR SOUTH CAROLINA
(Federal Register May 29, 2019)**

<u>Size of Family Unit</u>	<u>Non-Metro</u>	<u>Metropolitan*</u>
1	12,490	12,490
2	16,910	16,910
3	21,330	21,691
4	26,086	26,779
5	30,784	31,606
6	36,001	36,964
7	41,218	42,322
8	46,435	47,680

For families larger than eight, add for each additional person in the family:
\$5,217 for non-metropolitan \$5,358 for metropolitan

NOTES

*The metropolitan areas of South Carolina include the following counties: Aiken, Anderson, Berkeley, Calhoun, Charleston, Darlington, Dorchester, Edgefield, Fairfield, Florence, Greenville, Horry, Kershaw, Lexington, Laurens, Pickens, Richland, Saluda, Spartanburg, Sumter, and York.

The 70 percent Lower Living Standard Income Level (LLSIL) and the Poverty Guidelines are used under WIOA for eligibility purposes. WIOA defines the term "low income individual" as one who qualifies under various criteria, including an individual who received income for a six-month period that when annualized, does not exceed the higher of the poverty level or 70 percent of the lower living standard income level.

These guidelines incorporate the latest 70 percent LLSIL from the U. S. Department of Labor and poverty levels from the U. S. Department of Health and Human Services. The figure for a particular family size is the maximum household income the individual is permitted in order to qualify as low income under WIOA. This issuance supercedes all previously issued Family Income Guidelines.

The Family Income Guidelines are updated periodically when national guidelines change. It is important that the previous copies of the guidelines are kept and are not discarded. The older versions, for example, would be used to review income levels in effect at the time an individual originally applied for WIOA.

Use to determine an individual's Low-Income Status for WIOA services.

6	51,430	52,806
7	58,883	60,461
8	66,336	68,116

For families larger than eight, add for each additional person in the family:
\$7,453 for non-metropolitan \$7,655 for metropolitan

NOTES

*The metropolitan areas of South Carolina include the following counties: Aiken, Anderson, Berkeley, Calhoun, Charleston, Darlington, Dorchester, Edgefield, Fairfield, Florence, Greenville, Horry, Kershaw, Lexington, Laurens, Pickens, Richland, Saluda, Spartanburg, Sumter, and York.

In WIOA, training services may be made available to employed and unemployed adults and dislocated workers who are determined:

- Unlikely or unable to obtain or retain employment that leads to economic self-sufficiency or wages comparable to or higher than wages from previous employment through career services; and
- In need of training services to obtain or retain employment leading to economic self-sufficiency or wages comparable to or higher than wages from previous employment.

WIOA allows the State, as well as Local Boards, to adopt, calculate, or commission for approval an economic self-sufficiency standard that specifies the income needs of families, by family size, the number and ages of children in the family, and sub-state geographical considerations. Until such economic self-sufficiency standard(s) are determined, local workforce development areas may continue to use "self-sufficiency" criteria adopted under WIA. At a minimum, such criteria provides that self-sufficiency means employment that pays at least 100 percent of the LLSIL based on family size and income. Self-sufficiency for dislocated workers may be defined in relation to a percentage of the layoff wage. These guidelines, along with Local Board criteria, should be used in determining the need for training services.

The USDOL 100 percent LLSIL is updated periodically when national guidelines change. It is important that the previous copies of the guidelines are kept and are not discarded. The older versions, for example, would be used to review income levels in effect at the time an individual originally applied for WIOA training services.

May be used to determine an individual's self-sufficiency for receipt of training services in WIOA.

**POVERTY LEVEL GUIDELINES
FOR SOUTH CAROLINA
(Federal Register January 11, 2019)**

<u>Size of Family Unit</u>	<u>Income</u>
1	12,490
2	16,910
3	21,330
4	25,750
5	30,170
6	34,590
7	39,010
8	43,430

For families larger than eight, add \$4,420 for each additional person in the family.

The poverty guidelines are used to determine eligibility for dislocated workers who are in need of financial assistance (Needs-Related Payments) to participate in training programs under WIOA. The level of needs-related payments under WIOA is determined by the following:

- (a) The payment level for adults must be established by the Local Board.
- (b) For dislocated workers, payments must not exceed the greater of either: (1) the applicable weekly level of unemployment compensation benefits, for participants who were eligible for unemployment compensation as a result of the qualifying dislocation; or (2) the poverty level for an equivalent period, for participants who did not qualify for unemployment compensation as a result of the qualifying layoff. The weekly payment level must be adjusted to reflect changes in total family income, as determined by Local Board policies.

The poverty guidelines are issued each year by the Department of Health and Human Services (HHS). It is important that the previous copies of the guidelines are kept and are not discarded. The older versions, for example, would be used to review income levels in effect at the time an individual was determined to be eligible to receive financial assistance (Needs-Related Payments) under WIOA.

Use to determine needs-related payments for dislocated workers in WIOA.
