SC Works had a Hiring Event for AMI Kids.

Success Story

SC Works Greater Upstate recently launched a successful new partnership with Roebuck Landscaping LLC, strengthening its commitment to supporting workforce development through On-the-Job Training (OJT). In December, this collaboration resulted in the execution of two OJT agreements, creating immediate opportunities for individuals to gain hands-on experience while earning wages and developing in-demand skills within the landscaping industry. This partnership reflects a shared goal of building a skilled workforce while meeting the hiring needs of a growing local employer.

The success of these initial agreements has laid the groundwork for continued collaboration, with additional OJT cohorts planned in the coming months. As Roebuck Landscaping continues to expand, SC Works Upstate will remain a key partner in supporting talent development and career pathways for job seekers. This ongoing partnership highlights the impact of employer-driven training solutions and the value of investing in workforce growth across the Upstate region.
