Michael Thornton started working with Machine Solutions Inc. (MSI) in Spartanburg, September 1st of 2021. This is now the second work-based learning experience that Machine Solutions has sponsored.

MSI is a textile screen printing and embroidery company. Michael started with MSI with no prior knowledge as to their processes and has spent significant time with all employees learning the processes of screen printing /embroidery and has learned how the business is ran.

Michael continues to work hard in the classroom at the Spartanburg Achieve location and is completing this experience while working towards his GED.

MSI noted how impressed they are with Michael and his willingness to learn, also his interest in the industry. After completion of work-based learning, MSI hopes to offer Michael the opportunity to work for the company permanently.
