After our final graduation of PY22, students observed a summer break. During this break, students were given case management check ins from staff and assigned virtual work and assignments to be turned in upon return. ACHIEVE staff worked to help bridge the gap and ensured all students had access to technology to complete virtual work. At the start of August, recent graduate, Lauren Turner inquired about a work-based learning experience and was paired with Regina Benton School of Cosmetology. Here she will work at the front of the school and learn valuable customer service skills, while also considering pursuing a career in cosmetology. We are excited about our continued partnership with the school as they continue to work with ACHIEVE students.

Upcoming Events.

The Spartanburg Center will honor a student summer break in July.

Staff will still maintain working hours.
