Terrence Stroble

Success Story

Terrence Stroble came to SC Works while searching for employment, as he had been out of work for over a year. In a competitive job market, he felt that a construction certification would make him more marketable and was interested in learning more about training programs in the Upstate.

Mr. Stroble was enrolled in the WIOA Program on September 3, 2021, with a desire to complete a certification in plumbing. He began training with the SCJC on December 6, 2021, and earned measurable skills gains in safety, math, tools and materials, work essentials and trade academics. Once this portion of the training was complete, he began a pre-apprenticeship with Traveler's Rest Tiny Homes. This pre-apprenticeship provided hands-on training in the area of interest and paid \$14.00 an hour.

Mr. Stroble successfully completed the pre-apprenticeship program with both the Second Chance Job Center and Traveler's Rest Tiny Homes on March 18, 2022. He is now gainfully employed with Eclipse Cottages, located in Traveler's Rest, South Carolina earning \$16.50 an hour as a Carpenter. He continues to work towards the goal of obtaining his Residential Builder's License and is thankful for the opportunity that the WIOA program has provided him.
