This month, we are highlighting Spartanburg Center ACHIEVE participant Luke Wright. Luke was referred from one of our partner resources and enrolled in May of 2023. Luke took a few months and was quickly a September graduate from our program earning his GED. He then expressed interest in a work-based learning opportunity. Susan Griffith worked with Luke and a new local industry for our program A. Berger. Luke went through a formal interview process and will be learning how to run machinery in their company with the intent to hire once his work experience is complete. Luke has gained valuable job knowledge and will continue to shine at this experience. This will also help him to decide if he wants to go to a college and choose a perspective major, or if he would like to remain in the workforce.
