#### **Executive Director's Report**

Ms. Ann Angermeier presented the board with a Program Year 2012 (PY12) performance report. She explained the color coding on the report, as well as the way the SCDEW determines if a local area is exceeding, meeting, or failing the measures. The report also included other local areas for comparison. Lower Savannah and Catawba are comparable to the Upstate Workforce Investment Board (Upstate WIB) because they have similar funding levels. The preliminary performance measures for the first quarter of Program Year 2013 (PY13) have been received. This report will be sent out to the board via email once the data has been verified. Ms. Angermeier asked the board to review this report and e-mail any questions to her.

#### OneStop Oversight Committee Report:

Mr. Craig Jacobs, Committee Chair, reported for the OneStop Oversight Committee. The committee met on December 18, 2013. Mr. Jacobs reported that the Resource Sharing Agreement (RSA)/Memorandum of Understanding (MOU) between the SCDEW and the Upstate WIB still had not been agreed upon or signed. Mr. Jacobs informed the board that the SCDEW would not be moving into SC Works Spartanburg this program year. As a result there is a shortage of funding. ResCare had to reduce the training budget by \$200,000. However, portion of these funds could possibly be replenished with additional Dislocated Worker (DW) funds which will be requested.

Mr. Jacobs also explained the need to update the Transportation Supportive Service policy.

 The committee recommends approval to increase the Transportation Supportive Service (TSS) \$5/day stipend to \$10/day, as well as to increase the TSS cap from \$1,000 to \$2,500, per qualifying participant. There were no abstentions. The motion carried.

#### **Funding Oversight Committee Report:**

Mr. Jim Cook, Committee Chair, reported for the Funding Oversight Committee. The committee met on January 7, 2014. The year-to-date budgets were reviewed for Arbor E&T, USC Upstate Achieve, YouthStop, and the Upstate WIB office. The following committee items required board approval:

Mr. Cook shared the 13INC grant and how the committee recommends spending these funds. Ms. Natalia Swanson stated that the recommended use for the funds would be to pay for sponsorships, updating the Union Indicators Report, as well as some professional development for staff.

 The committee recommends the request to approve the budget detailing the use of new incentive funds. There were no abstentions. The motion carried.

Mr. Cook asked Ms. Swanson to explain the recommended changes to Arbor's budget. Ms. Swanson stated that when Arbor originally presented their budget at the beginning of the program year, the Utilities line item and the Facilities line item were incorrectly labeled; they should have been reversed. Switching the two line items left approximately \$1,000 in surplus. Arbor requested to add that money into the Mileage line item to support Business Services travel. It was also requested to reduce the training line item.

- The committee recommends Arbor's budget modification request including changes to the Mileage, Utilities, Facilities Cost, and Instructional Training line items. There were no abstentions. The motion carried.
- The committee recommends the request to give the Upstate WIB staff authority to request a
  transfer of up to 50% of Dislocated Worker funds to use as Adult funds, while at the same time
  requesting an additional \$137,578.83 in additional Dislocated Worker funds, both of which
  would be applied to SC Works' budget, once approved. There were no abstentions. The motion
  carried.

#### Youth Alliance Report:

Ms. Theresa Perry, Committee Chair, reported for the Upstate Youth Alliance. The committee met on December 9, 2013. Ms. Diane Albin from SC Works gave a presentation to the Youth Alliance about SC Works services. YouthStop and USC Upstate Achieve's dashboards were reviewed.

Ms. Perry asked Ms. Michelle Hawkins to speak to the board about a new initiative between YouthStop and the Alternative School in Spartanburg County, as well as a grant YouthStop received from Spartanburg County which will allow them to assist Career Center students in several districts.

Ms. Perry asked Ms. Dana Wood to give an update on the Youth Leadership Program. Ms. Wood talked about the sessions that Youth Leadership students have attended. Ms. Wood stated that February will be the job shadowing session and March will be State Government day in Columbia. Ms. Wood informed the board of a donation request to help cover the cost of lunches for Youth Leadership. She added that this opportunity was not just limited to donations from the board.

There were no items requiring board action from the Youth Alliance.

#### Special Presentation

Mr. Alan Davis with SCDEW presented local Upstate Labor Market Information. He stated that this information is available on the SCDEW website.

#### Adjournment:

With there being no other business or discussion from the floor, the meeting was adjourned at 9:45 a.m.

The next regular meeting of the Upstate Workforce Investment Board is scheduled for March 17, 2014 at 8:30 a.m. The venue is to be determined.

The dashboard was reviewed and discussed. Mr. Buddy Waters asked if 50 percent attendance for those invited to attend workshops was a normal expectation. Ms. Connelly replied that 50 percent attendance was averag She went on to explain that workshop registrants are called a day before workshops as a reminder to attend.</li> <li>Ms. Dana Wood, Upstate Workforce Investment Board (Upstate WIB) Program and Project Manager, provided a brief update regarding the PY13 Upstate WIB/SCDEW RSA/MOU. She informed the committee that the RSA/MOU draft was submitted to the SC Department of Employment and Workforce (SCDEW) on December 13, 2013. On January 7, 2014 SCDEW requested a Microsoft Word version of the document so they could note electronic changes or comments. She went on to report that or February 3rd SCDEW returned a different document than the one previously submitted to them. Ms. Wood informed SCDEW of the errors and after some investigation it was determined that the SCDEW legal department made track changes that they should not have made to the document. This error delayed the process even further. They offered to reverse the changes and return the document as soon as they could. The corrected document was returned to the Upstate WIB on February 10th. The Upstate WIB staff will return the document to SCDEW with some changes/comments and hopes to have the RSA/MOU back soon. Ms. Wood informed the committee that at this time the only issue preventing the document from being signed was the methodology used to determine shared costs for Information Technology (IT)/Supplies. She went on to explain that the Upstate WIB planned to suggest a methodology that would be fair for both parties. She promised to update the committee as needed.</li> </ul>

The customer reported that he had a very long wait and left that center without any help with his unemployment insurance claim. Ms. Connelly reported that not only could this have damaged an Upstate WIB relationship with a business, but the job seeker also left with a negative opinion of SC Works. She also reported that a meeting took place between a team of Upstate staff and SCDEW staff in late January. The meeting was to continue talks stemming from the December 23, 2013 meeting regarding service delivery in the Upstate. The Upstate WIB suggested a proposal for SCDEW to close the doors at the Church Street office and have the resource area open solely at the SC Works Spartanburg location. This option would allow other SCDEW staff, whose primary job duties do not include interaction with customers, to focus on those duties without interruption. Contrary to the promise made at this meeting, the Upstate WIB had still not heard if SCDEW made a decision regarding the service delivery proposal. Ms. Connelly went on the say that another issue still outstanding is the lack of Vet staff presence in the SC Works Spartanburg center, which is a requirement of the law. There is also an issue with the static Wagner-Peyser staff person not showing up during scheduled times. She explained that there have been promises made to have the required representation in the Spartanburg location, but these promises have not come to fruition, which always seems to be the case. Ms. Connelly also stated that there are still ongoing business services issues that have not been resolved. Mr. Craig Jacobs offered Mr. Grey Parks, SCDEW Regional Area Director, a chance to comment. He reported that there was a meeting scheduled that day to address the business services issues and that the SCDEW RSA/MOU team would meet on Friday to discuss the IT/Supplies methodolo
